# WELCOME TO ALL OF YOU ATTENDING THE 2017 GLOBAL LEADERSHIP SUMMIT.

Welcome to all of you who are attending the 2017 Global Leadership Summit. Whether this is your first summit or your fifth, our hope is that your leadership will be significantly strengthened, challenged and sharpened through every session. No matter where you lead, the GLS is a world-class experience designed to help you get better and embrace your grander vision—the reason God called you to lead. As Bill Hybels continues to remind us, ‘everyone wins when a leader gets better!’

In shaky and uncertain times, the need for a fresh sense of ‘Due North’ becomes more and more apparent. Our quest, through this GLS, is one for a rare culture-engaging wisdom that is courageous, compelling, and sure-footed. We owe a debt to the amazing people who are in our slipstream, the followers, to grow and mature in both the tangibles and the intangibles of life-giving leadership. Our pursuit is for competency and character, courage and humility, integrity and compassion. We owe it to ourselves too, to mine the treasure-laden soil between the poles of these tangibles and intangibles. Such leadership, apart from being rare and seemingly counter-intuitive, will help rebuild and renew institutions, cultures and relationships in a way that sets them apart for the good of the world. This Summit’s line up of speakers has been carefully selected with

these ends in mind. They represent the very best minds in their fields, and share a passion to lift the heads and the hearts of millions around the world who will directly and indirectly benefit from this year’s GLS.

Now, in this week, is being decided the kind of leaders we become. Now is being decided whether we are settlers or pioneers. Perhaps this 2017 GLS will help awaken us to a new day, a new dawn, a new possibility and a new sense of ‘together’. It takes a community to change the world, and your presence is a step into a global community of hope. Common desires usually lead to common connections, so let’s use the breaks to interact with old colleagues and friends, and perhaps even make some new ones.

With warm regards and much respect,  
**RIGBY WALLACE & RYAN TERMORHUIZEN**
